Page 35 rasmimmer rush wTter peraTOR anual notes... Page 34 notes... Turn spool counter clockwise until locking peg clicks into hole in spool (C). Check idle speed and reset if necessary. To help you decide whether you want to DO-IT-YOURSELF or have the ECHO Dealer do it, each maintenance task has been graded. IMPORTANT Semi-automatic nylon line heads must be used only with plastic debris shield with cut-off knife. Hearing Protection ECHO recommends wearing hearing protection whenever unit is used. Every unit is run at the factory and the carburetor is set in compliance with emission regulations. Gloves also reduce the transmission of machine vibration to your hands. The Shoulder/Waist Harness when used in a trimming operation with nylon line head suspends the trimmer from the operator's shoulder and reduces operator fatigue. Hold drum securely, and turn spool clockwise to wind line onto spool. Page 12 Preparing the Trimmer/Brush Cutter for Blade Use WARNING Blade use DEMANDS specific Brush Cutter configuration. 7. Use only ECHO approved attachments. Clean all loose debris from gear box. storage Long Term Storage (over 30 days) WARNING During operation the muffler or catalytic muffler and surrounding cover become hot. air filter Level 1. (1 machine screw - handle side) (1 tapping screw - starter side) IMPORTANT DO NOT use a metal scraper to remove dirt from the cylinder fins. safety manual safety symbols and Important Information Throughout this manual and on the product itself, you will find safety alerts and helpful, informational messages preceded by symbols or key words. Safety... Serious injury may result from the use of a non-approved attachment combination. Page 8 8. Should a product difficulty occur, you must, at your expense, deliver or ship your ECHO unit to an authorized ECHO servicing dealer for warranty repairs (within the applicable warranty period), and arrange for pick-up or return of your unit after the repairs have been made. If trimmer is operated without a cut-off knife, the line will become too long, the engine will overheat, and engine damage may occur. Align arrows on spool with marks on drum. Welcome to the ECHO family. Locate these safety decals on your unit. Immediately notify your retailer or ECHO Dealer of damaged or missing parts. If the task is not listed, see your ECHO Dealer for repairs. Lubrication Level 1. Remove spark plug lead. See PARTS ORDERING instructions for specific information. Safety Videos are available from your Echo dealer. You will find both easy to use and full of helpful operating tips and SAFETY messages. Tools Required: 13mm Open End Wrench, T27 Torx L-Wrench, Clean Rag, Grease Gun Parts Required: POWER BLENDX Lithium Base Grease. Authorized Service Dealer will correct the defect. peration WARNING Moving parts can amputate fingers or cause severe injuries. Do not push down on spool. Page 33 HOW WILL A COVERED PART BE CORRECTED? Read and comply with all safety instructions listed in this manual and safety manual. Brush accumulated dirt from air cleaner area. Failure to do so could result in serious injury. CUT-OFF KNIFE - Automatically trims line to the correct length: 5" after head is tapped on the ground. 4. to advance trimmer line... Read and understand this manual and the SAFETY MANUAL you found in the same package. Remove spark arrestor screen cover (C), gaskets (D), (E), and screen (F), from muffler body. Remove 2 engine cover screws and engine cover (B). Page 13 Harness is recommended for ALL Trimmer/Brush Cutter use, not just Blade operation. NOTE If attachment moves, readjust carburetor according to "Carburetor Adjustment" instructions in this manual or see your ECHO Dealer. Carburetor adjustments, other than idle speed, must be performed by an authorized ECHO dealer. • Use an approved fuel container. You will not have to pay anything to have the part adjusted, repaired or replaced. Make sure the decals are legible and that you understand and follow the instructions on them. Remove air cleaner cover (A). Use extreme care when mixing, storing or handling or serious personal injury may result. will not be responsible for the failure of cutting devices, attachments or accessories which have not been tested and approved by ECHO. Certain repetitive hand activities may put you at a high risk for developing a Repetitive Stress Injury (RSI). Follow installation instructions included in optional kits. The 8-tooth blade can be sharpened during normal maintenance. Page 5 Repetitive Stress Injuries It is believed that overusing the muscles and tendons of the fingers, hands, arms, and shoulders may cause soreness, swelling, numbness, weakness, and extreme pain in those areas. ECHO, INCORPORATED... Tools required: T-Wrench, feeler gauge, soft metal brush Parts Required: REPOWER Tune-Up Kit IMPORTANT Use only NGK BPM-BY spark plug (BPMR-BY in Canada) otherwise severe engine damage may occur. MODEL ..... SRM-225 Length w/o cutter head ..... 1793mm (70.6 in.) Width ..... 251 mm (9.88 in.) Height ..... 328 mm (12.9 in.) Weight (dry) w/o Cutter Head ..... 5.5 kg (12.1 lb.) Engine Type ..... Air cooled, two-stroke, single cylinder gasoline engine Bore ..... 32.2 mm (1.27 in.) The owner shall demonstrate reasonable care and use, and follow preventative maintenance, storage, fuel and oil usage as prescribed in the operator's manual. Close choke (Cold Start Position [entering the carburetor throat when the air filter is removed. Page 32 89 octane or higher. If a decal cannot be read, a new one can be ordered from your ECHO dealer. A \$5.00 shipping charge will be required for each video. Page 4 Wear no-slip, heavy-duty work gloves to improve your grip on the handle. troubleshooting rotlystr/drt'ntraerilifretlifretotyrliloro DANGER... This ECHO product was designed and manufactured to provide long life and on-the-job dependability. Use brush to remove dirt from the cylinder fins. Cut remaining line loop to separate into two pieces. •... The attachment should not move at idle, otherwise serious personal injury may result. Position front handle for comfortable operation and secure screws. Page 22 1. After opening the carton, check for damage. • DO NOT allow flames or sparks near fuel. Always keep exhaust area clear of flammable debris during transportation or when storing, otherwise serious property damage or personal injury may result. Stop Switch Move stop switch button (A) forward away from the STOP position. Keep movable parts of the attachment off the ground and away from objects that could become entangled or thrown. If a tachometer is available, idle speed screw (A) should be set to the specifications found on page 30 "Specifications"... 3. In addition, engine parts not expressly covered under this warranty but whose failure is a result of a failure of a covered part will be warranted. rass... Before sharpening, CLOSELY inspect blade for cracks (look at the bottom of each tooth and the center mounting hole closely), missing teeth and bending. The clearing blade and 80 tooth blade require professional service. Gear Housing 1. Keep hands, clothing and loose objects away from all openings. ECHO provides an Operator's Manual and a Safety Manual. Gasohol which contains a maximum 10% ethanol (grain alcohol) or 15% MTBE (methyl/tertiary/butyl/ether) is also approved. Always check the ECHO Web Site for updated information. Remove plug (A) and check level of grease. Both must be read and understood for proper and safe operation. Insert two ends of one 24-foot piece of .095 nylon trimmer line into holes on sides of drum. ECHO Inc., 400 Oakwood Road, Lake Zurich, IL 60047 (800-673-1558). 1. Page 26 6. ECHO Service Dealer for maintenance. Place piston at Top Dead Center (TDC) to prevent carbon/dirt from entering cylinder. ECHO, INC. Proper Clothing Wear snug fitting, durable clothing... • DO NOT smoke near fuel. Tools required: 25 - 50 mm (1 - 2 in.) Cleaning Brush Parts required: REPOWER AIR & FUEL FILTER KIT. Remove spark plug and check for fouling, worn and rounded center electrode. starting cold engine WARNING The attachment will operate immediately when the engine starts and could result in loss of control and possible serious injury. If there is a defect in a part covered by this warranty, any ECHO Inc. Using nylon line heads with metal debris shield can result in trimmer damage, caused by operation with excessive line length. WARNING Alternative fuels, such as E-15 (15% ethanol), E-85 (85% ethanol) or any fuels not meeting ECHO requirements are NOT approved for use in ECHO 2-stroke gasoline engines. spark plug Level 2. Use the contents list to check for missing parts. Handling Fuel DANGER Fuel is VERY flammable. Use of alternative fuels may cause performance problems, loss of power, overheating, fuel vapor lock, and unintended machine operation, including, but not limited to, improper clutch engagement. 2. front handle Installation Tools Required: Torx T27 L-Wrench NOTE Label shows minimum spacing for front handle location. Three styles of metal blades are approved for use on the ECHO Brush Cutter. The prescribed mixing ratio of gasoline to oil is listed on the ECHO oil label and covered in your operator's manual. The following is an explanation of those symbols and key words and what they mean to you. During blade operation, the same fatigue reduction is achieved. This includes any labor and diagnosis for warranted repairs performed by the dealer. Remove engine cover screws (2) and engine cover (B). Operation without specified shield, barrier bar or U-handle, and harness can result in serious personal injury. Page 1 Operator's Manual MODEL WARNING Read rules for safe operation and instructions carefully.
